LIGHTHOUSE NETWORK

Partnership Overview

Investing in the Lives of Founders

Lighthouse Network is a 501(c)(3) nonprofit supporting early-stage founders and the people building their companies. Founded in late 2012, Lighthouse has 13 years of founder-development experience and 18 exits as of October 2026.

Entrepreneur Support Organizations

Work with Lighthouse on founder-development programming, shared methodology, and collaboration with ESOs, incubators, and accelerators.

Localities & Economic Development

Explore place-based collaboration with economic development organizations, community foundations, and communities supporting local founders.

Investor Networks

Connect with Lighthouse as a capital partner aligned with developing founders as well as their businesses.

Founder Mobility Index (FMI)

The FMI framework has four pillars: Wealth Creation; Wealth Recycling; Resilience & Continuity; and Operational & Performance Excellence.

Programs & Operating Structure

The Accelerator is Lighthouse's flagship cohort program. Fellowship participation depends on availability and fit. Growth Guild LLC is a distinct for-profit operating arm offering short, scoped consulting sprints with defined deliverables and timelines.
